AROUND THE TOWN

Dr. Gaddes was a visitor at Three Hills on Tuesday.

J. Reed is building another residence west of his own.

A timber bridge is being put in over the creek at Three Hills near Wallace's ranch.

A petition is being circulated at Ghost Pine for a bridge over section nine.

Threshing is well underway in the Didsbury district but no reports have been received so far.

Three boys who had been stealing garden truck at Olds received a severe application of the strap on the request of their parents.

A. Campbell, Arthur Davis, Geo. Saunders, L. Custer, all of Ghost Pine were visitors to town on Tuesday.

Sam Witwer of Lethbridge, and his sister Miss E. Witwer arrived in town last Friday on a visit to relatives in town.

Chicken shooting came in with a rush on Tuesday, several parties going out from town but returning with meagre bags. Prairie Chicken are none too plentiful.

Mrs. J. C. Stevens was in Calgary last week attending the fall millinery openings and incidentally repairing for her own fall white line in Didsbury which is announced in another column.

The Dominion election is set for Monday October 28th. Nominations are to be held on the 19th of October. This is the official announcement from Ottawa.

LOST—A route book containing names and accounts. Lost in the centre of town. Finder will be liberally rewarded by returning same to Gilmore the Baker.

If you want cheap land see Maley the Landman, he will explain how you can get an extra half-section besides your homestead for \$750. He will tell you where you can locate a homestead, pre-emption and script within five miles of a railroad.

Another handsome addition has been made to Didsbury's delivery system by Studer & Co. who have a neat new little turnout for delivering their goods to their customers. Willie Marsden the well known little ladies friend is the man in charge.

J. V. Berscht is making extensive alterations to his store on Railway street. He is going to extend the store to the rear of the present building and will put in plate glass windows in the front. He will have an up-to-date gents furnishing store when the alterations are completed.

An item appeared in the Albertan last week relative to the football game between Olds and Didsbury at Olds on Labor Day in which it was stated that Olds beat Didsbury 7-0. This was entirely incorrect as the score was 1-0 in favor of Olds. Was the Albertan correspondent ashamed to own up to the score since Didsbury had a picked team and Olds had their regular team?

Come and see our new stock of dry goods. Latest patterns and designs. Neapolis Store.

Roy Fettis left on Wednesday to take charge of an elevator at Gleichen.

Rev. Mr. McKenzie will preach in the pulpit of the Presbyterian church next Sunday evening.

Truman Reith of Bowden, paid a visit to Didsbury on Thursday.

The Imperial Restaurant can supply meals at all hours. See ad in this week's issue.

Mr. and Mrs. Black of Toronto arrived at Didsbury on Thursday evening to pay a visit to Mrs. Wallace.

Denzil Walkley assistant at the C. P. R. depot returned from his vacation, which he spent at Chilcotin, B. C., on Saturday last.

J. L. McKay and Miss Dolly McKay of Linwood, Ont., were registered at the Golden West on Thursday.

The Presbyterian Church was filled to the doors on Sunday night when Rev. J. S. Ferguson preached his farewell sermon.

J. A. McCool of Crossfield, organizer for the I.O.F., is spending a few days in town in the interests of the Order.

Don't be fooled by Oriental fancy names. Campbell's Varnish Stain is the original and only satisfactory colored varnish on the market. No mystery about it. Just the best varnish and suitable colors. Nothing equals it for Floors, Furniture and Wood-work. W. H. Smith sells it.

The Hundred Thousand Club of Calgary, who visited Olds on Wednesday, stopped at Didsbury for dinner on their way up. President Smith of the Board of Trade made arrangements to give some of the visitors a short drive around town, the South End Livery Barn and a few others kindly donating rigs for the purpose. The notice that the club would stop at Didsbury was a short one, consequently arrangements for entertaining them hospitably could not be carried out but if they should ever wish to visit us again for a longer time they will find in that hospitality that should be shown to visitors to our town. There were about eighty members in the party, comprised mostly of Calgary business men. The hotels and restaurants were well able to take care of them.

A fairly large audience gathered in the Presbyterian church on Wednesday evening last to hear Mrs. Jamieson's address on Mission work in India. Mrs. Jamieson comes from Ujjain, Central India, and her address was exceedingly interesting. After the general meeting the ladies held another short meeting for the purpose of forming an auxiliary to the Women's Foreign Mission Society in connection with the Presbyterian church. The organization was not completed but the following officers were chosen by those present: President, Mrs. J. E. MacLeod; Vice-President, Mrs. J. McAvish; Secretary, Miss Nichol; Treasurer, Mrs. Fraser. A meeting will be held at the residence of Mrs. J. E. A. MacLeod on Wednesday afternoon next at 3 o'clock for the purpose of completing the work of organization already started.

A Pioneer Clergyman
Leaves Didsbury

A large crowd assembled in the Opera House on Monday night last for the purpose of bidding farewell to one who will be badly missed from amongst the community in the person of Rev. J. S. Ferguson, the former Presbyterian minister for this district. The stage and hall was very tastefully decorated with plants and cut flowers, the work of the ladies of the town, which helped very materially in putting on a cheerful aspect to a ceremony which is at the best rather melancholy one, that of saying good-bye to somebody who has not only a big hold on your respect but on your love as well. Singing and music helped to while away the time until the presentations were made.

After a short programme of songs Major G. B. Sessums with a few well-chosen presents reminded Mr. Ferguson with a beautiful gold watch as a token of the esteem in which he was held by the congregations of the Didsbury, Kamsa and Neapolis churches. C. Hiebert, M.P.P., then presented Mr. and Mrs. Ferguson with a purse of gold which had been subscribed by the public of Didsbury, Neapolis and Kamsa, prefacing the presentation in his usual happy manner with a few short remarks.

Short speeches were then given by H. W. Chambers and J. E. A. MacLeod.

Rev. J. S. Ferguson tendered his thanks to the people for the gifts in a neat little speech, saying that he had not time to review the whole seven years of his residence among them but that some events had occurred to him while here that time and distance would not efface from his memory. He believed that they were more religious matters discussed to the square yard in this district than any other in the world, which was a good omen. He also stated that he was very pleased to see so many old timers and ranchers present to say good-bye to as he had many pleasant recollections of them to take away with him.

Providence, he thought, had been especially kind to him in sending him to this spot, and as the people were sending Mrs. Ferguson and himself away with their best wishes, they would treasure them as they tried to do the task set them and when separated from his well-wishers by land and sea.

The train being almost due the proceedings were closed by singing "Auld Lang Syne," and the crowds present went to the depot to see the last of Mr. and Mrs. Ferguson, giving them a hearty send-off.

Rev. J. S. Ferguson, who is one of the pioneers of this district, came to Didsbury in the year 1901 and at that time he was the only Presbyterian Minister north of Calgary. Didsbury was composed of only one or two stores and a few residences and when Mr. Ferguson wished to hold services which was every three weeks he had to go around to the different places to see if they would let him use their buildings for this purpose, the consequence being that sometimes the services were held in the Alexandra Hotel waiting or dining room or Hibbert's lumber offices, which at that time was further south in the town than at present or in any place which the people were willing to let him have. He also conducted services at different ranches homes within a radius of fifty miles around Didsbury. From that time to the present the church in this district has been steadily growing, and now comprises a neat little church building and manse in Didsbury and good congregations at both Neapolis and Kamsa, which are in this church district. Mr. Ferguson has always identified himself with any movement that was in the interests of the people, both moral and spiritual. At one time he was a member of both the baseball and football clubs of the town

TOOKE SHIRTS

Do you ever find your cuffs a nuisance when working in your shirt sleeves?

They're continually bothering you and hampering the free movements of your hands?

Some time the elastic bands to the cuffs are too tight.

But these are always unsatisfactory and uncomfortable.

The "EZIAJUSTA" in

Jooke Shirts

keeps your cuffs out of the way.

No trouble is required to adjust them and no discomfort experienced.

They're very convenient when working, rowing, playing tennis or golf, working in the kitchen, etc.

The "EZIAJUSTA" also prevents your cuffs from wearing out and soiling quickly.

Women Who Do Not Marry Until 33.

A German doctor lays it down as a well-established fact that women who do not marry until 33 or thereafter invariably achieve matrimonial success. Why women of this particular age should be more successful in marriage than those who fall victim to love's young dream is fairly obvious. When a woman marries between 20 and 40 she is likely to be a companion, choosing her mate accordingly, or from need, in which case she also chooses with a certain amount of care. She has no dreams of multiplied bliss—Lady's Pictorial.

TREATMENT OF BARBER'S ITCH

IS SIMPLE—DR. CHASE'S OINTMENT CURES IT.

It matters not where you get barber's itch, Dr. Chase's Ointment cures. No one need to be afraid of it, it is a pleasant skin lotion. Dr. Chase's Ointment is rubbed in well after shaving, because it stops the itching and heals and cures the small sores and pimples which are the plagues of the barbershop.

The experience of Mr. Chas. A. Duxbury, engineer in Perry's tannery, Meaford, Ont., with Dr. Chase's Ointment is convincing. He writes: "While I was in the west, I caught barber's itch, and though probably not a dangerous disease, anyone who has had it will admit that it is a most painful. It began on my neck below the skin, and spread until I became alarmed. It itched so bad that I had to scratch it, and that only made it worse."

"Friends told me to use Dr. Chase's Ointment and I did so. The application of this ointment gave prompt relief to the itching and it was not long before the skin was healed, free of this annoying ailment. I can highly recommend Dr. Chase's Ointment."

Dr. Chase's Ointment has an unparalleled record of cures; 600, a box, at all dealers, or Edmanson, Bates & Co., Toronto.

DON'T WORRY.

Get Out and Pay a Lot of Calls in One.

Since you are the only one who has to live all the time with your nerves, try to keep them in such shape that they will make endurable companions, and don't offer them up as a football for fate to knock about and pummel out of shape.

When there is no dodging an occasion upon which your nerves undergo the torture of suspense or when they have no time to recuperate, the disappointment or sorrow don't sit like a dog and feel them echo and quiete, but get to work. Do something so hard and fast with your hands or feet that the sentimental side of you, which is run entirely by nerves, will have a hard time getting your nerves to work.

Don't just do your ordinary house work or sewing. Your hands can go through their routine of dishwashing, sweeping and running sams without requiring much absorbing thought, but pitch into something big and showy, something that will keep you thinking and working, and draw you out of your thoughts away from the anxieties and heartaches so wearing upon the nerves.

If you are waiting to see whether your silver mine pans out well, whether a friend comes safely through an operation, whether you are the one you expected from your husband or lover, whether your spring suit is going to fit or whether the family will like your hat, don't sit down and wait with your heart in your mouth for answers. Write a letter, type a letter, ring at the doorbell or footsteps on the walk, get to work.

Hour out and pay fifteen or twenty calls in one afternoon, cut up your pieces of old ingrain carpet and sew them together again to be made into new. Make a chair, cut out the wood, shave, take the pins or clippers off the walk, make a flower garden, paint the furniture in the girl's room, do anything, everything, so long as you work long enough and fast enough and hard enough to make you forget in part whatever it is that is troubling you or making you feel bad.

AUGUSTE ESCOFFIER.

Egg Recipes From the Book of a King of Chefs.

The greatest of French chefs, the king, the emperor of them all—Auguste Escoffier, the genius of the griddle, who created the art of modern cooking, and the old man, the author of the famous *Le Guide Culinaire*, which is French for plain cook book.

A few of his egg recipes are here given as they appear in "Le Guide Culinaire."

Eggs d'Aumat—Add two scrambled eggs and two teaspoonsful of thick cream and very red tomato puree; arrange in a mound and place in a hollow in the middle of the eggs lamb's kidney cut in dice and steamed.

Eggs Provençale—As many fried halves of tomatoes as there are eggs to be served; fry the eggs, trim them, place them on the tomatoes and arrange in a circle on a round plate; garnish the middle with onion sautéed and thickened with flour and butter in oil.

Eggs Mayal—To ordinary scrambled eggs add one coffee-spoonful of fine herbs, one teaspoonful of mustard and one ordinary spoonful grated gruyere cheese; arrange in a mound and surround with small circular croquettes of boiled fried bread.

Eggs Savoyard—Dress the dish with thin slices of potatoes coated in butter sprinkled with grated cheese; break the eggs on the dish; add a teaspoonful of fresh cream; cook on the dish.

Eggs in a Diabolo—Break the eggs in a pan containing very hot butter; turn them without breaking the yolks; turn the dish upside down and see the yolks with dash of heated vinegar.

A Tonic of the Penal Days.

There are two places in Ireland where it has been customary for many centuries to ring the curfew—the village of Killarney and the town of Derry.

The Derry curfew is a relic of the days when it was allowed to live inside the walls of Derry, though the citizens were glad enough to be allowed to go out in the daytime as laborers and customers.

At sundown, however, the curfew bell was rung and every Roman Catholic who was in the town had to leave with all haste, even if it meant sleeping in the open on bleak hills which surround the city.

HUSBAND AND SON CURED

A Mother's Praise of Zam-Buk.

Oakwood, Victoria.

Dear Sirs— I have great pleasure in stating that Zam-Buk cured my husband of his rash with twice as many applications as any other of a dreadfully bad arm ailment. I know of several other cures it has effected and I cannot speak too highly of it. I am sure if you will give me a chance to do so I will do it. B. SAVILLE.

Zam-Buk is healing, soothing and antiseptic. It quickly heals wounds and skin troubles. Cures ear infections for all, dirigists and stores, 50c, a box, 3 for \$1.25.

The teacher of a certain school received the following note explaining the cure of one of her pupils the day before.

I Will excuse Henny for absents yesterday. Him an god me a chance to get a good night's sleep. I let him sleep in here. He had never rode in a charge all night. I never went to a funeral, nor had many other pleasures, so please excuse.—S. A. C. Head Review.

According to directions Dr. Y. D. K. D's Dentistry Cordial will afford safety through an operation of the teeth and a cure of the toothache.

A correspondent has cited an instance of a conger left apparently dead for twenty-four hours on the beach, then bit three fingers from the hand of a small boy who came to handle it. I can't believe this. I shall not eat the conger again.

There is a certain occasion in Wales, I have caught a large eel on a night line set for pike. We hid under his head and left him for some hours on the bank, leaving a good hook in his gullet. In the morning he was still alive, so I took the boy who bore him off in triumph as a supper dish. Half an hour later the boy's mother approached, with some concern and indignation, to relate that the head had bitten the boy severely when he tried to remove the excellent head.

The occurrence seemed to me like a story in one of Kipling's most weird stories of uncanny horror. Whether these posthumous wounds by eels befit the remnants of life or the severest portions or a mere mechanism of the nervous system only the biologist can tell.

Board of Health

The Council met in the Council chambers on Friday night last. The meeting was late in getting started as there was not a quorum present, but Couns. Shantz and Liesemer eventually coming forward the Council were able to proceed with their work.

Mayor Sexsmith, Councillors Smith, Borsch, Shantz, Liesemer, Secretary Eby and Solicitor Macleod were present.

A letter was read from the J. L. Williams Co. regarding the expenses of their experts to look into the situation for a compressed air waterworks system for fire protection purposes. The letter stated that as the expenses would amount to about \$100 for them to send said expert that they could not afford to do this. The Council would like to have such expenses if the town decided to install their system, otherwise the town would have to pay same.

A letter was also received from Yorkton, Sask., where this system has been installed and it would give them entire satisfaction. The population of this town is 1600 and the plant cost \$35,000. They said that they found the compressed air system was cheaper than a stand pipe. They are charging 50 cents a month for house rates.

The Yorkton Firehouse Co. wrote saying they would send a representative but so far no one has appeared.

The Goodfellow, Shapell and Muir Co. had a representative here about two weeks ago, who looked into the matter and promised to send in an estimate, but it has not been received so far.

License Inspector Shantz sent in his resignation for acceptance as he has moved out of town. The resignation was accepted.

By-laws No. 47 appointing a Board of Health was read, giving two readings with the names of the following rate-payers suggested for the Board: three years, W. Hunsperger; two years, M. Clemens; one year, F. Moyle. If the gentlemen refuse to act others will have to be appointed.

The letter said that the petition for a curfew bell had not the required number of signatures of ratepayers and so the Council could do nothing in the matter as yet. The petition has to be signed by all the resident ratepayers.

The Council received a communication from C. S. Lotz, C. & Hembledge at Calgary, stating that his company would sell the extra land needed for park purposes at \$100 per acre but that the town will have to buy same at a later date.

The letter was altogether unsatisfactory, not only in the price stated but in trying to compel the town to buy at the south end of the park where there is a big slough.

The Council decided to reject this offer and motion by Councillor Liesemer and Smith it was decided that the mayor and Councillor Atkins should go to Calgary and interview Mr. Lotz about the matter, the same price to be offered for the land needed as was paid before. \$50 an acre, and the same price to be paid at north end of park if this could be arranged but they had instructions to close the deal.

Several accounts and bills were recommended by Finance Committee and passed by the Council, The Council then adjourned.

Will Hold Concert

The Library Board met in the Library rooms on Friday afternoon last, J. E. A. Macleod, chairman, H. E. Osmond, secretary, and G. B. Sexsmith being present. The Board was discussing the matter of taking up the reading room and was taken up and it was finally decided that four common hanging lamps and two table lamps should be purchased for the reading room; the angle lamps for the library were kindly loaned to the Library Board by the School Board.

A new loan book arrangement made with the janitor of the school regarding the duties for looking after the cleaning up of the reading room and library the matter was taken up by the Board and discussed at some length but nothing was done as the amount of funds are very low. This will have to be arranged soon as the long evenings are coming on now and the reading room will have to be lighted every night and no doubt there will be more people using the room.

A sub-committee which is to be held on Friday night next for the purpose of supplying the funds needed to meet the little expenses cropping up once in awhile was taken up. It was decided that a committee composed of Mr. Geo. Liesemer, Mrs. A. G. Smith, Mr. Eby, Mr. Macleod, Miss Lachner with power to add to their numbers, be asked to assist the Board in getting up the concert.

The Board felt gratified at the interest that is being taken in library by the public, so far from 60 to 75 books being taken out every week. The library is also being patronized fairly well and as soon as the colder weather and longer evenings come it is expected that it will be taxed to its utmost.

The Board then adjourned.

Gross Carelessness

A shooting accident occurred in Didsbury on Saturday morning last. G. M. Gaddes, one of our real estate men, with his wife and child were standing talking in the back yard of a small residence when a stray bullet just above the upper lip on the right side of the nose, coming out below the lower lip and breaking two of his teeth in its course. This might easily have been fatal, as if the bullet had gone an inch further it would have penetrated the brain at least have blinded him for life. Dr. Gaddes, a brother, was quickly called and dressed the wounds. George is around again but with a pretty sore face and mouth.

It is not known definitely who was the cause of the accident but it is thought that it was one of his toys.

There have been several complaints lately of this kind of thing happening in the town limits, one gentleman stating that a bullet came within five inches of his head and another going through a window pane. One of the boys should take steps at once to either confiscate their rifles or else see that if they use them at all that they get out into the country with them where they can do no damage. If any of them are caught using firearms in the town no mercy should be shown to them, they should be made a severe example of; the parents are to blame nearly as much as the boys.

A report has also reached us that firearms are being used at night. This is not only foolish but criminal and it matters not who it is that is doing it, they should be severely dealt with if caught.

License Inspector Shantz sent in his resignation for acceptance as he has moved out of town. The resignation was accepted.

Indigestion

Stomach trouble is not a symptom of, and not itself a true disease. We think of dyspepsia as a symptom only of a certain species of disease. It is the symptom of that now very popular stomach trouble known as "indigestion".

It is this fact that first correctly led Dr. Shoop to the creation of that now very popular stomach trouble known as "indigestion".

Dr. Shoop's Restorative is the only specific that can be relied upon to cure this trouble.

For stomach diseases, stomach trouble, indigestion, heartburn, constipation, dyspepsia, flatulence, etc., take Dr. Shoop's Restorative. It is the only specific that can be relied upon to cure this trouble.
